NAME OF THE CASE STUDY: ”Hope for the future entrepreneurial students”
PROJECT PARTNER: **ELSO**
COUNTRY: **ROMANIA**

GENERAL CONTEXT

Short description of the case studies (origin, location, starting date, total of trainees trained…)

MindsHub is an association created in 2015 by a group of students from West University of Timisoara and companies from Timisoara. In the same year they decided to start the training program called “Hope for the future entrepreneurial students” aiming to help people to develop their entrepreneurial projects/company. Untill now the association trained over 50 students and helped 5 of them to start their own projects.
The training takes place in Timisoara and it is held by the experts from partner companies, and lasts 5 days.

Organization in charge of the implementation (name, status, location…)

West University of Timisoara

Target group (age, gender, status of the trainees/youth…)

Our main targets are youngsters, especially the West University of Timisoara students, from the first year of university untill their final doctorate year.

All the sessions are compolsory.

Rhythm? (Day, evening or WE sessions – once/twice a week/month:

2-4 hours per day, as needed.

ASSESSMENT, VALIDATION AND RECOGNITION METHODS

Describe the assessment, validation and recognition methods in use?

This association does not have a competence certification system, but the purpose of the program is to prepare and guide students.

Is there a Pre assessment (before the beginning of the training path)?

The most important element is the willingness of the student to get involved in this project, and the recommendation of a teacher.

Is there an intermediate assessment (during the training path)?

No.

Is there a Final assessment (at the end of the training path)?

No, but the students keep in touch with experts from partner companies for possible questions.

Results, impact for the target group and the organization in charge?

-5 of them opened their own company
-over time, all students understood the need to know more, to be trained in the professional field and to succeed in business life.

Human Resources required to lead the training path sessions? (How many people/hours, position (teachers/professionals?)

- 3-5 partners from partner companies and a teacher from West University of Timisoara.

Didactical Resources available for mentors/teachers (online link, text, video…)?
